

## Division III Conference Survey - Men's Golf AQ Contingency

Note: In most all cases only 18 holes are required to determine AQ (nine holes in a few cases).

<b>Conference</b>	<b>AQ Contingency (In the event tournament to determine AQ is not played)</b>
MWC	Regular-season head-to-head competition. (Unbalanced schedule)
PAC	36 holes in Fall and 36 holes in Spring – If all washed out reschedule 18 holes to determine.
ODAC	Determined by coaches.
CCIW	Tournament over two weekends. Discussed using Golfstat.
OAC	Team with highest ranking in region according to Golfstat.
MIAC	Men's tournament in Fall would have to be rescheduled to Spring if washed out.
HCAC	Use Golfstat if not completed and if only partially completed, by those results and Golfstat.
ASC	Committee determines using Golfstat and selection criteria in NCAA handbook.
SLIAC	Tournament two weeks prior to selections allowing for rescheduling.
WIAC	Golfstat.
CSAC	Golfstat if no tourney results. Golfstat with 18 holes. If 27 holes or more, no Golfstat.
NCAC	Three 36-hole events and one 54-hole event used to determine AQ over four weekends.
NESCAC	Multi-round tournament. If all cancelled Committee to determine based on Golfstat.
